About **moris**media

Moris Media is a professionally managed public relations, digital marketing and reputation-management organisation with 12+ years of industry experience, recognised as one of the world's leading PR and digital marketing boutique agencies, working across 40+ countries.

Job Summary

Moris Media is seeking a visionary and highly skilled Creative **Graphic Designer** to join our remote team from Saudi Arabia.

This full-time role is ideal for a design professional who thrives on originality and refuses to rely on conventional templates or generic visual approaches. As a core contributor to our brand and **client campaigns**, you will be responsible for crafting powerful visual narratives that elevate brand messaging, capture attention, and inspire action. From designing cinematic movie posters and striking ad creatives to developing cohesive brand identity systems, your work will shape how audiences engage with our content across print, digital, and **AI-powered platforms**.

We're looking for a designer who doesn't just understand trends—but sets them. You should be comfortable experimenting with AI tools, generating rapid concept variations, and pushing the boundaries of design innovation. A strong sense of visual storytelling, color theory, and modern aesthetics is essential, along with the ability to communicate ideas clearly and effectively in a remote environment.

This role requires close collaboration with cross-functional teams including marketing, content, and client services. You must be able to translate business goals and creative briefs into compelling visual solutions that deliver measurable impact. If you are driven by creative excellence and design with purpose, we'd love to hear from you.

Please note: This is not a role for beginners or template-reliant designers. We need someone with a designer's instinct, professional readiness, and a fully-equipped technical setup. You must be capable of producing professional-grade visuals independently from day one.

Primary Responsibilities

- Conceptualize and develop original and impactful visual concepts that align with client objectives and brand strategies.
- Design a wide array of creative assets, including but not limited to striking movie posters, engaging digital advertisements, compelling print campaigns, and dynamic social media visuals.
- Create and evolve comprehensive brand identity systems, encompassing logos, color palettes, typography, and visual guidelines, ensuring consistent brand representation.
- Maintain and enforce brand guidelines across all design executions, ensuring adherence and consistency in visual communication.
- Stay abreast of the latest design trends, emerging technologies, and innovative techniques within the graphic design and advertising industries.
- Proactively explore and integrate AI-powered tools and platforms to enhance the creative process, generate novel concepts, and streamline workflows.
- Collaborate closely and effectively with marketing teams, advertising specialists, and client stakeholders to understand project briefs, objectives, and target audiences.

- Present design concepts and visual rationales clearly and persuasively to internal teams and clients, articulating the strategic thinking behind creative choices.
- Iterate on design feedback constructively and efficiently, ensuring client satisfaction and project success.
- Manage multiple design projects simultaneously, prioritizing tasks and adhering to deadlines in a dynamic remote work environment.
- Ensure all design deliverables are of the highest quality, demonstrating meticulous attention to detail and pixel-perfect execution.
- Contribute actively to brainstorming sessions and creative development processes, offering innovative ideas and perspectives.
- Maintain an organized digital asset library and project files for efficient retrieval and collaboration.
- Continuously seek opportunities to elevate the creative output of Moris Media and its clients through innovative design solutions.
- Adhere to project budgets and timelines, ensuring efficient resource utilization.

Required Skills
